

Search bar  
input

each movie →  
gets card with  
poster

If user is logged in  
3 buttons appear  
· add to watchlist  
· add to favourites  
· more info

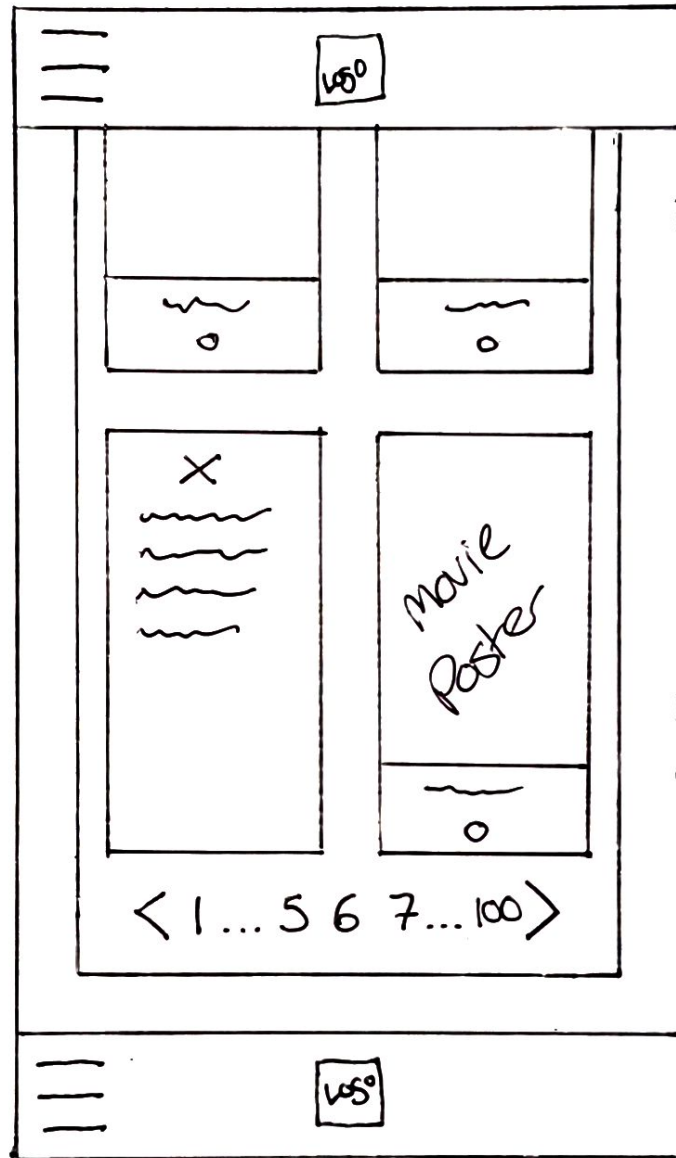

← Dropdown reveals  
additional search  
options

If a movie is  
already on a user's  
watchlist/favourites  
the button is replaced  
with an option to  
remove that movie  
from the list

Guest users  
only get the  
info button

Clicking it  
reveals the  
movies plot

Clicking on the  
movie image or  
title will redirect  
the user to that  
movies page
